Index

Bulletin of the World Health Organization, volume 81, 2003

Subject index

acetaminophen (paracetamol), efficacy in febrile children 367–374
acetic acid, cervical cancer prevention programme, in Peru 73–74
acute flaccid paralysis (AFP)
  compatible polio cases in India in 2000 2–9
  surveillance, in Bulgaria 476–481
acute paediatric admissions, syndrome-based management, in Kenya 166–173
acute respiratory infections *see* respiratory infections, acute
Africa
  child deaths from malaria 472
  health and equity impacts of a large oil project 420–426
  implementation of WHO malnutrition guidelines 237–243
  long-lasting insecticide-treated bednets 776
  private sector's response to AIDS epidemic 131–137
  role of unsafe injections in spread of HIV 307
  southern, share of profits in hoodia-derived drug for San people 382
  sub-Saharan
    management of severely ill children at first-level health facilities 522–531
    mass and routine meningococcal meningitis vaccination 745–750, 751–755
  US funding of fight against AIDS 547
  West, elimination of river blindness 75
African Health Research Forum (AfHR) 71–72
The age of immunology — conceiving a future in an alienating world (Napier) 770–771
agricultural policies, health impact assessment, in Slovenia 391–398
agriculture, pesticide poisoning, in Sri Lanka 789–798
aid, international *see* international aid
AIDS
  antiretroviral drugs *see* antiretroviral drugs
  global emergency 699
  in India, distorting influence of international donors 151–152
  private sector's response, in Africa 131–137
  US funding 547
  see also HIV
air pollution, impact of transport and land-use policies, in Delhi 444–450
Air pollution and health in rapidly developing countries (McGranahan & Murray) 771
albendazole, efficacy against *Ascaris* and *Trichuris* 35–42
Amazonian focus of onchocerciasis, Bayesian predictive model 482–490
aminosidine ointment, for cutaneous leishmaniasis in Islamic Republic of Iran 353–359
amputations, landmine victims 665–670
anaemia
  burden, Tanzanian children 581–590
  effects of malaria chemoprophylaxis in childhood 205–216
  maternal, in assessment of malaria during pregnancy 316–323
  prophylaxis in infants and young children, iron(II) fumarate sprinkles for 108–115
Angola, malnutrition-related deaths 849–850
Anopheles gambiae, efficacy of pyrethroid insecticides for treating mosquito nets 324–333
antenatal care, quality of public and private, in United Republic of Tanzania 116–122
antenatal clinics, rapid assessment of malaria, in Kenya 316–323
antipyretic drugs, benefit to febrile children 367–374
antiretroviral drugs
  access to, in developing countries 776
  effectiveness against HIV 918–919
  misuse in Mumbai, India 153
  new coalition to increase access 75
  price reductions for poor countries 469
  WHO guidelines 852–853
arsenic in drinking water, deep community wells for reducing, in Bangladesh 632–638
arthritis *see* osteoarthritis; rheumatoid arthritis
artificial limbs, landmine victims 665–670
Ascaris infections
  albendazole, ivermectin and/or diethylcarbamazine treatment, in Philippines 35–42
  mebendazole and/or levamisole treatment, in Zanzibar 343–352
Australia, unexpected lead exposures 847
azithromycin, household willingness to pay for, in United Republic of Tanzania 101–107

back pain, low 671–676
  burden of disease 646–656
  treatment 671–676
Bamako Initiative, Burkino Faso 532–538
Bangladesh
  community wells to reduce arsenic in drinking water 632–638
  management of acute respiratory infections 183–189
Bayes theorem
  pilot vaccination campaign against canine rabies, in Chad 739–744
  predictive model for onchocerciasis in Amazonian focus 482–490
BCG vaccine
  in children at risk of HIV infection 61–70
  effects on child mortality 821–826
  survey, northern zone of India 573–580
bed nets, insecticide-treated *see* insecticide-treated nets
Belgium, avian influenza A outbreak 471
Bill and Melinda Gates Foundation 915–916
bioterrorism
  censoring of "dangerous" research by scientific publishers 308–309
  smallpox as weapon of 762–767, 917–918
bisphosphonates, for osteoporosis 657–664
blindness
  cataract, surgical correction 756–757, 758–761
  prevention "tool kit" 853
  see also onchocerciasis; trachoma
blood pressure, effectiveness of counselling in reducing 470–471
blood samples, dried venous, measles IgG assay 701–707
Bone and Joint Decade 2000–2010 (BJD) 629
  recent developments and future research 686–688
bone mineral density, effects of exercise 827–830
